

Seller (Disposer)

You must decide whether you wish to sell the vehicle with or without current registration.

With current registration – if so, you must:

- Provide the buyer with a Certificate of Roadworthiness (RWC) issued in Victoria not more than 30 days before the date of disposal
- Complete this form together with the buyer
Note: these items are a legal requirement. If you sell the vehicle to a Licensed Motor Car Trader (LMCT), a RWC is not required
- Give the white copy to the buyer and keep the pink copy for your records

Without current registration

You do not need to provide a RWC or complete this form.

To cancel the registration you must telephone VicRoads on 13 1171. To claim a refund on registration fees, the number plates must be returned to a VicRoads Customer Service Centre.

Important

If VicRoads has not been notified that you have sold the vehicle, you may be liable for any traffic offences that the new registered operator may incur.

Dutiable Value Note (otherwise known as market value)

It is important to declare the correct dutiable value (the price at which the motor vehicle might reasonably have been sold, free from encumbrances, on the open market, or the purchase price, whichever is the greater). The seller and buyer are required to make their own separate declarations of the dutiable value of the vehicle.

Motor Vehicle Duty PENALTIES

Under Section 215 of the *Duties Act 2000*, a seller or buyer who under declares the dutiable value is liable to a penalty equal to double the amount of duty underpaid as a consequence of the understatement of the dutiable value.

Under Section 217 of the *Duties Act 2000*, a buyer who underpays the duty is also liable to a penalty equal to the duty underpaid plus interest.

Buyer (Acquirer)

If you are not buying a vehicle from a car dealer or auction house, you must find out if it is to be sold with or without current registration.

What to do when buying a vehicle:

- Confirm the ownership of the vehicle and check whether the vehicle's registration is suspended or cancelled
- Check that the vehicle is not reported stolen and is free of lease, hire purchase or mortgage by telephoning VicRoads Vehicle Securities Register on 13 1171 with the registration number, engine number and vehicle identification number
- Check the current transfer fees and calculate the motor vehicle duty payable

Important

If the registration is due for renewal, a certificate may have already been issued. A new certificate can be obtained by telephoning 13 1171.

With current registration – if so, you must:

- Obtain from the seller a Certificate of Roadworthiness (RWC) issued in Victoria not more than 30 days before the date of acquisition
- Ensure the number plates are on the vehicle
- Complete this form together with the seller
- Forward the white copy together with the RWC and appropriate fees (if applicable) to VicRoads within 14 days of the date of acquisition. **These items can be posted to VicRoads, GPO Box 1644, Melbourne 3001** or taken to a VicRoads Customer Service Centre.

Note: the above procedure is a legal requirement.

Without current registration

Do not use this form if the registration is cancelled, but please ensure that you obtain a receipt that clearly identifies the vehicle and the previous registered operator.

Note: if you intend to drive an unregistered vehicle on a road, you will need to obtain an Unregistered Vehicle Permit by telephoning VicRoads on 13 1171. A permit will only be issued if the vehicle is safe to use on a road.

Buying from a Licensed Motor Car Trader (LMCT)

If the vehicle is purchased from an LMCT, the buyer must lodge the application, transfer fees and motor vehicle duty with the dealer who will forward them onto VicRoads.
